"The Love of God"

## Small Groups Homework

1. Have you ever had a time in your life when the love of God was particularly real to you? Can you tell us about it?
2. What can happen in a believer's life if he or she starts to lose a sense of how loving God is?
3. An unbeliever might point to the trouble and hardships people go through as proof that God is not as loving as the Bible claims. How would you respond?
4. If your primary concern is how much **you** are being loved by others, how is it going to affect your Christian walk?
5. In recent years the Christian concept of loving the sinner but hating the sin has been highly criticized. The critics say that it is not possible, that Christians are really being hateful toward the person. What are your thoughts?
